Action Plan

2015 - 2016

Quality Service with Pride and Care

**CENTRAL
DIVISION**

Foreword

I am pleased to present the action plan of Central Division for 2015- 2016. This plan has been crafted after taking into consideration feedbacks from local residents and stakeholders during door to door policing and Community Policing Forums.

In our Division, there are many important public buildings, commercial edifices and a bus terminal where daily many people transit, hence requiring visible policing. There are also many educational institutions where Police presence is indispensable for ensuring the safety and security of both students and educators.

Our major challenges are to make our neighbourhoods safer, prevent theft, safeguard the safety of the passengers transiting through the bus terminal and curb the proliferation of substance abuse amongst teenagers. We are equally deeply concerned about the upsurge of cyber offences which requires timely investigation in order to protect the most vulnerable.

In this plan, we have presented the measures that we are going to implement in order to meet our objectives. However, we cannot achieve our priorities without the support of the whole community. We intend to work in partnership with all stakeholders and strengthen our relationship with the community in an endeavour to make our community safer so that the inhabitants can live, work and play peacefully.
