2015 - 2016
Quality Service with Pride and Care
Foreword

I am pleased to present the Action Plan 2015/2016 for the Emergency Response Service (ERS), which includes Police du Tourisme (PDT). With a fleet of 46 vehicles patrolling around the island, we provide a 24 hours first line emergency response to calls, requests or incidents of an urgent nature and we provide support to Police Stations and Divisional Units.

We are relentlessly focussing on providing a quality service, which is visible, responsive and accessible thus tangible by enforcing the law and ensuring community safety. We will intensify our efforts and work together with the community to create a safer environment where people will work, play and live peacefully and where tourists also enjoy a pleasant and harmonious stay.

Using new managerial techniques, we will judiciously use the limited resources available to meet the increasing demands of the community. We will maintain police presence in residential as well as commercial areas.

We will explore all avenues to improve the quality of life of our people by progressively increasing the number of stop and check operations to render our society safer. We will also intensify alcotests operations to reduce fatalities due to drunken driving, hence rendering our roads safer.

I am availng myself of this opportunity to express my sincere appreciation to our staff, other Units of the Force, members of the community and all other stakeholders for their invaluable contribution and support for achieving our mission.
