Quality Service with Pride and Care

RODRIGUES DIVISION

Foreword

The Action Plan of Rodrigues Division for 2015-2016 sets out the objectives and targets for Rodrigues for this year.

Rodrigues is known to be a secure and safe place for its inhabitants and visitors. We will ensure it will always be so. However, we intend to be more proactive in addressing neighbourhood policing issues. This includes a commitment to be always by your side whenever you summon us. We will address issues of concern with courtesy and in a professional manner.

We are committed to ensuring a high quality of service to the Rodriguan community. As such, we will equip our staff with the necessary knowledge and skills while at the same time outreaching members of the community for their support.

We are alive to the new crime dynamics and challenges which are likely to threaten the peaceful life of the community. In order to guard from these problems our plan has taken a holistic and proactive approach in the identification of potential scourges and how to address them head on.

With your continued support and that of our partners, we are confident we will continue to provide an excellent policing service of which we can all be proud.
