Action Plan

2015 - 2016

Quality Service with Pride and Care

Airport Police

Foreword

I am pleased to present the Action Plan for Airport Police for 2015-2016. This is the maiden plan of Airport Police ever since its existence.

Mauritius is becoming one of the most popular destinations for tourists from all over the world looking for a high-end holiday on our tropical and amazing paradise island. As such, visible policing is indispensable at Airport Police with a view to ensuring the safety and security of all passengers, visitors, tourists and persons in transit at the Sir Seewoosagar Ramgoolam International Airport (SSRIA).

With the coming into operation of the new Airport Terminal, the demands on Airport Police have increased considerably. We have ramped up security measures in order to prevent unlawful entries into our country and we are also working in partnership with other stakeholders in ensuring security to passengers.

In designing this plan, we have taken into consideration the level of threats that are related to the many processes that support an Airport, passengers and aircrafts it serves such as: catering, maintenance, cleaning, ticketing, baggage handling, air traffic control, food services, parking among others. However, we cannot achieve our objectives without the support of stakeholders at the SSRIA. We intend to strengthen our relationship in order to achieve our objectives set out in this plan.

I wish to convey my most sincere gratitude and appreciation to my personnel and our stakeholders for their unflinching commitment in rendering the Airport safer. We undertake to ensure the best policing practice to the community at the Airport.
