'Together, for a Safer Community'

# Foreword

I am pleased to present the Annual Policing Plan for the Central Criminal Investigation Department (CCID) for the year 2021.

*Joined the Force on 15.12.1975 as Police Constable and reckons 45 years of service. Holder of an LLB degree from the University of London. He has worked at various Police Stations and also acted as Prosecutor. He has also worked at the CCID for nearly two decades. He has been Divisional Commander at various Districts, including Rodrigues. Actually, he is in charge of the CCID.*

The CCID is guided by the principles of accountability, transparency and good governance, where the human rights of the people are respected. The large chunk of the population is eager to watch the deeper and stronger undercurrent which is hiding beneath the ripples on the surface. People want timely and successful prosecutions in the cases where taxpayers' funds have been siphoned off massively. The CCID has a major role in the fight against crime in all its forms.

The CCID also has under its aegis specialized Units, such as the Brigade Pour la Protection des Mineurs, the Police Family Protection Unit and the Crime prevention Unit, which are involved in sensitizing the community on crime prevention. The Scene of Crime Office and the Crime Records Office support all investigative teams throughout the island.

No doubt, this plan paves our way towards better serving the members of the community with an exemplary service. We also look forward to working in collaboration with all Police Divisions, Branches, local CID's, Units and other stakeholders so as to bring crime at bay and ensure a safe place to live.

**Mr. H. Jangi, PMSM, PDSM**  
**Deputy Commissioner of Police**  
**Officer-in-Charge CCID**
