Foreword

I am pleased to present the Divisional Annual Policing Plan 2021 for Eastern Division. Keeping people safe is at the heart of our Policing strategy and we have identified our priorities through evidence based analysis of crime and taking into account the views and concerns of the Community which have been obtained through consultations with our internal and external customers. In formulating this plan, due consideration has been given to Force Level Annual Policing Plan.

Eastern Division has of late, witnessed the emergence of several residential Morcellements and new road networks that has necessitated a review of our resources and policing skills. By combining all available resources, we will work in collaboration with our communities and partners in order to provide a better service to our customers.

We remain committed to promoting community safety, improving public confidence and satisfaction in policing services and in protection of the public. This Policing Plan, besides being informative, also sets out the strategies and methodologies that we will adopt together with the community in ensuring a safe and secure neighbourhood.

Joined the Force on 19.02.1979. Served in various Divisions & Branches including CCID. Attended Drug Dealing courses at Egypt & Ghana and Intellectual Property Right in Botswana.

Mr. S. Mannaram, ACP
Divisional Commander
Eastern Division

Our Commitment

We are committed to improve front-line service and ensure safety and security. We have analysed facts, figures and statistics and took on board feedback of the inhabitants and stakeholders. We have come up with a series of priorities to better serve the Divisional jurisdiction. Apart from contributing towards achieving the Force Priorities, we will also direct our efforts towards:

CRIME CONTROL & PUBLIC SAFETY

- (i) Reduce Larceny Breaking by 3%.
- (ii) Reduce Larceny on Public Road by 3%.
- (iii) Increase the number of operations on licensed premises (Liquor Shop) by 3%.

In this endeavour, we will concentrate on intelligence-driven activities, supported by stop & search operations, concerted patrols, HC's checks, monitoring of bail callers, as well as derive the maximum from the Integrated Operational Patrol Plan.

SERVICE DELIVERY/ ENQUIRIES/ PHQ'S/ ICT PROJECTS

- (i) Reduce number of Outstanding cases by 50%.
- (ii) Ensure 75% of correspondences/ letters are responded to within 21 days.
- (iii) Reply to PHQ's within 15 days as the case may be.
- (iv) Reply to PIAC correspondences within five (5) working days.
- (v) Ensure a 100% usage of Crime Occurrence Tracking System (COTS).
- (vi) SafeCity Project:
 - (a) Sub-Command Centre (SCC) at Divisional Level to be fully operational and merged with Divisional Operations Room by March 2021.
 - (b) Station Monitoring Bay (SMB) within station areas to monitor CCTV cameras in real time.

Administrative mechanisms at Divisional HQs and Police Stations play a vital role and has a direct impact on Policing and the quality of service delivery. Therefore, we will ensure that administrative support are optimised in ensuring that objectives set are achieved.

We will endeavour to protect vulnerable groups of the society by tendering a caring attitude and service. We would therefore conduct appropriate sensitisation sessions so as to reduce gender-based violence.

ROAD SAFETY

- (i) Reduce Road Accident (K&SI) by 3%.

Our strategic action would be: Trigger crackdown operations at accident prone areas, conduct concerted patrol, intensify stop and search operations, increase road safety awareness sessions.

STRENGTHEN PARTNERSHIP WITH THE COMMUNITY & CRIME PREVENTION

- (i) Conduct at least 70% Victim Support & Advice in reported cases of crime with support of CPU.
- (ii) Implement a minimum of 5 Neighbourhood Watch Schemes at Divisional level.
- (iii) Conduct of Community Policing:
 - (a) Neighbourhood Level I - One neighbourhood meeting on a monthly basis;
 - (b) Station Level II - Meeting with Neighbourhoods & Stakeholders every 2 months; and,
 - (c) Divisional Level III - Twice a year meeting with representatives of Community, Stakeholders, Business Sector, Religious bodies & so forth.

We would identify and take on-board neighbourhoods and stakeholders to work together towards strengthening collaboration thereby fostering safer communities & reducing fear of crime.
